PROFESSIONAL SUMMARY

Product Manager with 10+ years of experience shipping consumer and developer products at scale. Led products reaching millions of users monthly, including a video platform that grew 10x and a new product that scaled to 1.5M+ minutes/month within two years. Experiment-driven approach using fake-door tests, usage metrics, and behavioral data to validate hypotheses and improve offerings. Background spans B2C consumer products and B2B platforms.

AREAS OF EXPERTISE

Data-Driven Decision Making | Cross-Functional Leadership
Product Discovery & Delivery | User Experience Optimization
Agile Methodologies | Go-to-Market Strategy | Product-Led Growth

PROFESSIONAL EXPERIENCE

LEAD PRODUCT MANAGER | Charter Communications

Apr 2025 – Present | Denver, CO (Hybrid)

Building developer platform and programmable network APIs for North America's largest ISP. Own end-to-end product experience including documentation, onboarding, and developer tools.

LEAD BUSINESS ANALYST | Ross Stores, Inc.

Mar 2025 – Aug 2025 | Remote (Contract)

Coached Agile practices and defined requirements for custom merchandising and inventory management software.

EXPERT PRODUCT MANAGER | Vonage (TokBox Video API Platform)

2020 – 2025 | Remote

Owned core video platform experience serving millions of users across consumer and enterprise applications. Experiment-driven culture using fake-door tests, usage metrics, and behavioral analytics to validate hypotheses and optimize product decisions.

- Scaled platform 10x during tenure while maintaining reliability through periods of explosive growth
- Launched new product in 2021 that grew to 1.5M+ minutes per month by year two
- Led team of 5 PMs; established best practices for product discovery, PRD templates, and cross-team collaboration
- Managed client software across iOS, Android, Web, Windows, Mac, and Linux—ensuring cohesive experience across all surfaces
- Led cross-functional teams spanning Engineering, Design, Data Science, and Research to ship high-visibility features
- Drove \$3M revenue capture through targeted migration strategies in 6 months
- Recipient of Key Talent Award & Key Contributor Award for performance

SENIOR PRODUCT MANAGER | Twilio (SendGrid Labs)

2017 – 2020 | San Francisco, CA

Led experimentation and product discovery for SendGrid's innovation lab, using fake-door tests, usage analytics, and customer behavior data to validate new product concepts before full investment.

- Drove SendGrid's transition from single-product to multi-channel platform through strategic roadmap development
- Refined Product-Led Growth practices including Opportunity Discovery, Problem Validation, and Solution Validation
- Introduced Outcome-Driven Innovation methodology to improve precision in identifying customer needs and product opportunities

PRODUCT CONSULTANT | Abode Systems (B2C)

2018 | San Francisco, CA

- Revamped consumer website and shopping cart experience for smart home security startup
- Improved support system integration and provided product strategy guidance to CTO
- Company later acquired by Nice for ~\$20M

SENIOR PRODUCT MANAGER | VoiceBase

2017 – 2018 | San Francisco, CA

- Developed API documentation, SDKs, and demos for AI-powered Speech-to-Text platform
- Launched Developer Console enabling real-time analytics and insights
- Reduced support tickets 40% through self-serve tooling that helped users answer their own questions

PRODUCT MANAGER | Aerohive Networks

2015 – 2017 | Sunnyvale, CA

- Developed APIs and reference applications for enterprise WiFi platform
- Led development of HiveSchool WebRTC product—won ISTE "Best in Show" award
- Co-invented 2 patents for WiFi credential management

PRODUCT MANAGER | Yahoo (B2C)

2013 – 2015 | Sunnyvale, CA

- Managed Mail Monetization products reaching Yahoo's massive consumer user base
- Led Mail Retargeting project driving monetization improvements
- Recipient: Superstar Team Award
